DURABILITY

EASY TO INSTALL

QUIET

NO TEMPERATURE LIMITS

Waterproof

Safe to use in kitchens and bathrooms for modern looks throughout the home.

No Acclimation Required

ProGen may be used immediately. ProGen is extremely stable and has no temperature limitations, so it's great for 3-Season rooms.

Rigid Core

Overcomes subfloor imperfections and telegraphing, unlike traditional luxury vinyl tile.

Durable

Supports the everyday life of a busy, active household, like kids, pets, high heels and heavy furniture.

Easy Installation

ProGen does not require power tools and can be simply cut with a utility knife. Its fast-locking click system provides a low-cost, low-mess installation, even over existing floors.

No Transitions Required

ProGen is so stable, no transitions are required between rooms or in large spaces. However, Tarkett does offer matching transitions.

Quiet

IIC rating of 68 means superior sound absorption to drastically improve overall comfort.
